QUALITY & PRODUCT SAFETY POLICY

As Meka Pack, we are committed to meet the needs and expectations of our customers and all interested parties, to comply with all legal requirements, to continuously improve our systems and processes; to promote a culture of quality and product safety at all levels of the organization.

In this direction, to produce safe and legally compliant products to the specified quality; we follow the below principles:

- To prevent hazards and defects at their source by performing risk analyzes in all process steps,
- To encourage active participation and teamwork of employees,
- To monitor the performance of our operations with measurable key performance indicators, and to strive to achieve and exceed the targets set

We ensure that the principles of this policy are understood and followed at every level of the organization, and we commit to provide the necessary resources and training for its effective implementation.
